

# New Family Insights Dashboard

## Extend conversations beyond the math classroom

The DreamBox Learning® Math Family Insights Dashboard enables meaningful school and home connections that raise awareness of the curriculum, strategies, and progress of your child in real-time, so teachers and family learning guardians can work together for your child's success. Dashboard alerts surface where attention is needed and when to congratulate success.

Families receive information that highlights important learning milestones and educational resources that encourage learning and extend conversations about math beyond the classroom to fully support and encourage deeper understanding and comprehension. Learn more about the reports available in your Family Insights Dashboard at [www.dreambox.com/reporting/family-reports](http://www.dreambox.com/reporting/family-reports).

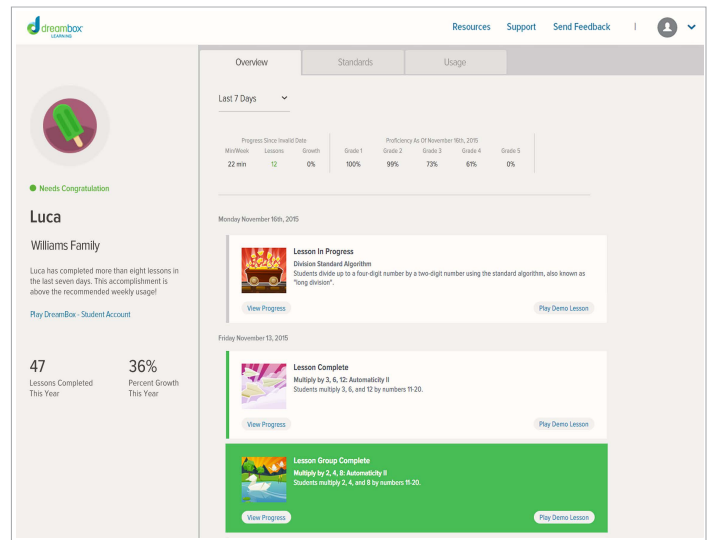

### Receive answers to important math learning questions in real time:

- What topics are being learned?
- How is my child progressing in math learning?
- Are weekly goals for number of lessons completed being met?

### Access is easy

**Need to set up your Dashboard?** Ask your child's teacher for an invitation that includes login information.

**Already connected to the existing Dashboard?** You're all set and will automatically see updates when you log in.
